4. FUNCTION / ROLE OF THE ZONING HEARING BOARD:

The purpose of the Zoning Hearing Board is to hear applications for special exceptions, nonconforming uses, requests for variances, and appeals from determinations made by the zoning officer. The Board gathers facts at a public hearing by taking testimony from the affected parties, and is charged with the legal responsibility of deciding whether to approve or disapprove applications and appeals. The Board will consider all relevant facts regarding the application, as well as evaluate its impact on the overall health and welfare of the community. When necessary, the Board can require special stipulations in connection with allowing special exceptions and variances. Only testimony taken during the hearing, and given under oath, is considered by the Board. The Board has the authority to issue subpoenas. A court stenographer is present. Transcripts are available to any party at cost.

The Board does not write the zoning ordinance. The zoning ordinance, and revisions to it, are prepared by the Planning Commission and adopted by the Borough Council after they have held a public hearing. The Zoning Hearing Board is an interpretive body only. They follow some basic legal procedures in their hearings in order that the pertinent facts can be presented in an orderly and reasonable fashion by the applicant, the zoning officer, and other citizens who wish to be heard. But they try to be as informal as possible.

Decisions on applications and appeals are made by the Board at a regularly scheduled meeting, and by law must be made within forty-five (45) days of the last hearing on a case. While all decisions are made at public meetings, no further discussion by the applicant or other parties is allowed after a decision has been rendered by the Board. A party may appeal the Board's decision, but must do so within thirty (30) days of the written decision. Such appeal must be made to the Lebanon County Court of Common Pleas.

Questions or comments about the Zoning Hearing Board should be referred to the Borough Zoning Officer:

General Standards for Variances

There are five (5) criteria that the Zoning Hearing Board will consider, as applicable, when determining whether a Variance to the Borough Zoning Ordinance is necessary. These five criteria are located in Section 910.2.a. of the Pennsylvania Municipalities Planning Code Act of 1968, P.L. 805, No. 247, as reenacted and amended.

The criteria are as follows:

1. That unnecessary hardship exists due to unique physical circumstances of conditions, including irregularity, narrowness or shallowness of lot size, or shape or topographical or other physical conditions peculiar to the particular property, and that unnecessary hardship is due to such conditions and not the circumstances or conditions generally created by the provisions of this chapter in the neighborhood or district in which the property is located;
2. That because of physical circumstances or conditions there is no possibility that the property can be developed in strict conformity with the provisions of this chapter and that authorization of a variance is therefore necessary to enable the reasonable use of the property;
3. That such unnecessary hardship is not created by the applicant;
4. That the variance, if authorized, will not alter the essential character of the neighborhood or district in which the property is located nor substantially or permanently impair the appropriate use of development of adjacent property nor be detrimental to the public welfare; and
5. That the variance, if authorized, will represent the minimum variance that will afford relief and will represent the least modification possible of the regulation in issue.

The Zoning Hearing Board may implement reasonable conditions and safeguards as it may deem necessary to implement the purposes of this act and the zoning ordinance, as is stated in the Pennsylvania Municipalities Planning Code, Section 910.2.b.

Guidelines for Special Exceptions

In addition to the Performance Standards of a particular use, and/or the Special Exception Standards delineated in Article 20, Section 20.05 of the Borough Zoning Ordinance, the Zoning Hearing Board may attach such reasonable conditions and safeguards as it may deem necessary to implement the purposes of this act and the Zoning Ordinance as enabled by the Pennsylvania Municipal Planning Code (Section 912.1)
